Dear Patrick,

It is with great pleasure that my husband and I write this letter on behalf of Ms. Beata Zimon. Over the past 18 months, we have had known Beata to be a professional and personable realtor who did everything possible to market the Stalite Motel.

Throughout the entire time the Starlite Motel was listed with Beata, she made it a point to update us on everything she was doing to market the property. We would receive regular mail from Beata documenting all advertisements that were running at a given time. These updates would also record any leads that she was following. In addition, Beata was prompt at returning our phone calls and/or emails. She was very open to suggestions and quick at implementing them. For example, my daughter discovered a website specifically designed for marketing properties for exchange ([www.ree.com](http://www.ree.com)) and emailed Beata asking her to utilize this tool for marketing the Starlite Motel. Within a day, Beata uploaded pictures and other details about the property on this website. Overall, we feel Beata went above and beyond her responsibilities as a realtor.

In addition to excelling at her job responsibilities as a realtor, Beata's pleasant personality, encouraging attitude, and strong interpersonal skills made her a pleasure to work with. Beata's dedication, ambition, and professionalism shined through in everything she did. Without hesitation, we will recommend Beata to all of our friends and family who might be in need of her services.

Sincerely,

  
Maria and Peter Frankov
